RE: HIMCO Landfill
Elkhart, Indiana

Dear Ms. Fript:

This letter is submitted in response to the General Notice of Potential Liability regarding the HIMCO Landfill (the "Site") sent by U.S. EPA to Whitehall Laboratories. We understand that the situation described therein is currently being addressed by other potentially responsible parties at the Site. Whitehall Laboratories' participation and assistance in providing the contemplated municipal water supply hook-up has not been solicited by such parties and does not appear to be required for its implementation. Consequently Whitehall Laboratories does not intend to participate at this time.

Please direct any future correspondence regarding the site to my attention at Whitehall Laboratories, 685 Third Avenue, New York, New York 10017-4076. I may also be contacted by telephone at 212-878-5467.

Very truly yours,

Richard Hill
Vice President, Manufacturing
